

The ATV Quad Bike, Buggy, Scooter & Motorcycle Site

ATV's 4U Ltd

Agricultural Quads & Buggies

Another list of ATV Quad Bikes and Buggies that are well suited to be used for Agricultural or Horticultural purposes but at the same time some of the models are Road Legal, allowing the farmer or Small Holder to get from one destination to the other via the Road legally. These vehicles are well suited to check crops or animals without the need of using larger ones which costs more to run. Some of these models have 4x4 capability where indicated.
